

# BLUE PRINCESS

## *Economic high quality cleaning gun*

The Blue Princess is a cost effective cleaning gun with many special qualities.

With its weight of only 463 grams and its compact dimensions, it is particularly easy to handle. The velvety soft rubber surface adds to the comfort.

The nozzle has the new revolutionary flat AKBO design, which provides a perfect spray pattern without dripping. Due to be exactly positioned nozzle tip, there is a very equal distribution of water, wherein with the trigger the shape of the jet can be changed easily from a wide cone to a narrow point. In addition, the orifice is dimensioned such that the gun uses 26% less water than a regular cleaning gun. It also has a great cleaning power by its strong jet.

Despite its low weight and compact dimensions, the Blue Princess is extremely durable thanks to its rugged construction, sturdy hinge joints, durable materials and dual internal seals. That makes it one of the most economical nozzles in the market with an excellent price/quality ratio.

The Blue Princess can be ordered as item no. BMFT001-B.

*Well adjustable spray angle with excellent spray pattern.*

The Blue Princess excels in handling, water conservation, price and durability. Why settle for less?

*Water flow of the Blue Princess in relation to the pressure relative to other cleaning guns.*

## Technical data
